## Technical Skills

JavaScript, React, React Native, Redux, ES6, Express, MongoDB, HTML5,  
CSS3, Sass, Node.js, UI/UX, Git, Mobile-first design, Responsive web design

## Experience

**AtomRain Inc.** (Wooster, OH)

Jan 2019 - Present

*Software Engineer*

- Worked primarily on the front end in an Agile environment to build user interfaces for both web and mobile, offering an intuitive user experience, while adhering to exact design specifications and client feedback. Collaborated with others as well as worked independently.
- **Technologies used:** Javascript, React, React Native, ElasticSearch, Redux, Sass, Webpack, Docker, eslint, Neo4j

**Kollecting KISS** (Cleveland, Ohio)

2020

*Full Stack Developer*

- A site built in React that showcases KISS memorabilia made throughout the years. Items are stored in a Mongo database, and are searchable by category or keyword.
- **Repository:** <https://github.com/liztrenholme/kollecting-kiss>
- **Deployed site:** <https://kollecting-kiss.surge.sh/>

**MyCLE** (Cleveland, Ohio)

2018

*Full Stack Developer*

- A place to explore and leave reviews about Cleveland's most notable landmarks, using jQuery, Handlebars.js, Bootstrap, MySQL and Sequelize.
- **Repository:** <https://github.com/CWRUGroupEcho/mycle>
- **Deployed site:** <https://mycle.herokuapp.com>

## Previous Experience

**Earth Fare**, Specialty Clerk, Assistant Produce Manager

2015 - 2018

- Assisted in managing a crew of seven, keeping the department stocked and providing exceptional customer service.

**WCSB 89.3fm**, Development Director

2009 - 2012

- Refreshed WCSB's brand image through the creation of new logos and stylish merchandise to appeal to more listeners, managed the annual, weeklong fundraising event that provides the non-profit station with most of its revenue.

## Education

**Case Western Reserve University**, Cleveland, Ohio

2018

- Certificate, Full Stack Web Development Program

**Cleveland State University**, Cleveland, Ohio

2008

- Bachelor of Arts, English
